During our stay in beautiful **Lake Placid, Florida** we will see many fascinating sights. Ninety-eight percent of commercially produced **caladiums** come from this area. About a dozen growers work the 1500 acres of lake-bottom land that has proven so fertile for caladium development since the late 1940's. The beautiful Caladium Fields should be colorful for your viewing pleasure during our visit. Lake Placid offers more than caladiums, too! Most years, Highlands County is Florida's second largest citrus producing county; about 14% of all fruit grown in Florida originates here. Currently, about 93,000 acres are devoted to horticulture, including fruits, vegetables, sod and ornamental plants. The other big thing in Lake Placid are the **Murals**. Over 40 lovely and varied paintings are found on buildings all over town. This is not graffiti, it is very beautiful, well-maintained art and the pride of Lake Placid with it's history displayed in a most unique manner. The largest mural is "The Cracker Trail Cattle Drive" by artist Keith Goodson. This mural covers the back wall of a former Winn Dixie store and is 175 feet long and 30 feet high with a scene of cattlemen driving a herd through Lake Placid. We'll also get a visit to the **Lake Placid Arts & Crafts Co-op**. They have something for everyone! Bring your friends and spend a delightful time exploring their large showroom and gallery. They have a wide selection of all kinds of arts and crafts.

A four-hour visit is planned on both days to the **Seminole Brighton Casino, Poker, Big Bingo** and more. This is one of the Seminole Casino's smaller locations yet filled with exciting gaming action. Check with the Travel Is fun office for up to the minute details on any promotions the casino will be running during our visit!
